WHACK Spring 2016
February 20-21st // Wellesley College // estimated 80 attendees

Dear Potential Sponsor,
Wellesley's hackathon committee invites you to join our support system for women in tech. WHACK aims to be inclusive and to provide a safe space for Babson, Olin and Wellesley College students and first-time hackers to get their toes wet in realizing their creative potential.

Why Sponsor?
1. Meet amazing, excited, and aspiring students from the Boston area!
2. Get early access to their resumes and portfolios
3. Present your products and APIs, and watch these women unleash their creativity 4. Provide employees opportunities to mentor and inspire women to keep pursuing opportunities in tech

We're bringing eager, energetic participants from Wellesley College, Babson College and Olin College to spend an entire weekend at WHACK to build something awesome and collaborate with each other. We would love for you to meet these women and to be a part of WHACK's mentor-based experience.
